Govin Capital to set up Startup Accelerator India Pune Chapter in collaboration with SEED Infotech

Govin Capital also announced an investment in two healthcare companies, Palash IVF Solutions and CELLBeans Healthcare

Priyanka Sangani | ET Bureau | Jun 24, 2016, 05.18 PM IST

Singapore headquartered Govin Capital has entered into an agreement with Pune based Seed Infotech to launch the Pune chapter of its Startup Accelerator India.

Govin Capital also announced an investment in two healthcare companies, Palash IVF Solutions and CELLBeans Healthcare.

Anand Govindaluri, CEO, Govin Capital said, "The focus will be on investing in companies in the biomedical space and in digital healthcare."

Govind Academy, a sister concern of Govin Capital will also collaborate with Seed Infotech to set up the International Centre for Entrepreneurship and offer training programmes in innovation and entrepreneurship, primarily in the field of biomedical entrepreneurship.

Narendra Barhate, founder, Seed Infotech, said, "Govin Academy will be the knowledge partner for Seed Infotech to help promote entrepreneurship and innovation programmes and will raise and contribute Rs 10 cr towards these investments."

Govin Capital intends to invest between Rs 1 crore - 10 crore for up to a 20% stake in early stage startups operating primarily in the digital health field. Govindaluri said that they would focus on opportunities that are innovative, serve the emerging middle class and have a societal impact.

The company already has a presence in India through the Startup Accelerator Initiative in Vishakhapatnam and the IIT Madras incubation cell and has funded over 10 startups in India so far.

Govin Capital to set up startup accelerator in Pune

TNN | Jun 28, 2016, 05:39AM IST

PUNE: Singapore-based Govin Capital has announced that it will set up a startup accelerator in the city to invest and mentor 10-15 startups in the fields of biomedicine, internet-of-things (IoT) and big data.

Anand Govindaluri, founder of Govin Capital, said, "Govin Capital will invest Rs 50 crore in the same and is looking at identifying early stage startups from Andhra Pradesh, Bengaluru, Chennai and Pune. The startups should be serving the middle class with a societal impact."

"We will undertake training programmes in Biomedical Entrepreneurship to promote Bio-economy of Maharashtra and India, which would be a first-of-its-kind initiative in the country," he added.

Govin Capital has announced investments in two Pune-based startups, including Palash IVF Solutions Private Limited and CellBeans Healthcare.

The accelerator, called as Startup Accelerator India (SAI), has designed five modules of 80 hours each. Govin Capital's SAI is already functional in Vishakhapatnam and IIT Madras Incubation Cell and have funded around 12 startups in Singapore, so far.

Govin Academy, a sister company of Govin Capital, Singapore has tie-up with SEED Infotech for training and operations in Pune.
